Webinar N.4

Inclusive and Accessible Project Cycle Management

October 30th, 2018 at 2:30 pm CET Brussels Time (English session)

1 – TOPIC

Inclusive and accessible Project Cycle Management (PCM).

2 – TARGET AUDIENCES

The webinar cycle is addressed to the three target groups of the project, namely:

1. Development practitioners (for instance: agencies, EU delegations)
2. National institutions of the partner countries of Bridging the Gap II (Burkina Faso, Ecuador, Ethiopia, Paraguay and Sudan)
3. National organisations of persons with disabilities

3 – SESSION'S CONTENT, SEQUENCE AND DURATION

The consideration of the disability dimension in the Project Cycle Management (PCM) in planning and implementing activities such as in monitoring and evaluating project phases, contributes to inclusive development and improves the quality of life of everyone.

The general political and legal framework on disability is given by the UN Convention on the Rights of Persons with Disabilities (UNCRPD) that, through article 32, promotes the inclusion of the disability perspective in all development policies and programmes and, in turn, in their implementation mechanisms.

Building upon the human-rights based approach, ensuring an accessible and inclusive PCM requires to take into consideration¹:

- **Equal rights:** Persons with and without disabilities alike benefit from interventions and activities.

¹ [Inclusion: Human Rights and mandate. Guideline on including persons with disabilities in the Austrian Development Agency project cycle management - ADA.](#)

This project is funded
by the European Union

- **Participation:** Persons with disabilities and organisations take part in all activities as well as decision-making processes.
- **Accessibility:** Physical, communicative, intellectual, social, economic and institutional barriers have been identified and methods are applied to reduce them.
- **Raising awareness:** Specific measures are taken to raise awareness among all stake-holders and at all levels.
- **Capacity-development:** measures are provided for the personnel of implementing and partner organisations, including management, basic information on UN CRPD and the human rights-based approach.

The session is intended as an introductory learning opportunity that covers the key elements of Inclusive Project Cycle Management (IPCM) to be understood and applied by development practitioners and any other interested stakeholder. It addresses workers involved in development project management, developing programmes and services in various countries.

Sequence of the session

- **Icebreaker** 10/15 mins
- **Introduction to the session** (and remarks from the audience) 15/20 minutes
- **Presentation** 30/40 mins
- **Questions & answers** 20/30 mins – Q&A plenary session – Debate

The webinar will last 1.5 hours.

9 - WHAT IS BRIDGING THE GAP?

Bridging the Gap II (BtG-II) is an initiative funded by the European Union coordinated by the International and Ibero-American Foundation for Administration and Public Policies (FIIAPP) in partnership with the Spanish Agency for Development Cooperation (AECID), the Austrian Development Agency (ADA), the Italian Agency for Development Cooperation (IADC), the European Disability Forum (EDF) and the International Disability and Development Consortium (IDDC). It aims to contribute to the socio-economic inclusion, equality and non-discrimination of persons with disabilities through more inclusive and accountable institutions and policies.

This project is funded
by the European Union

Bridging the Gap is a targeted thematic response to the requirement to make development cooperation accessible to and inclusive of persons with disabilities, which is an obligation for the European Union (EU) and Member States as parties to the Convention on the Rights of Persons with Disabilities (CRPD) and which can have a significant impact in improving the social inclusion and promoting the rights of persons with disabilities.

BtG-II supports the mainstreaming of disability in international cooperation and the efforts of five partner countries (Burkina Faso, Ecuador, Ethiopia, Paraguay and Sudan) in planning and implementing inclusive public policies and services.

This project is funded by the EU under the Development Cooperation Instrument (DCI), Thematic Programme “Global Public Goods and Challenges” and it is in line with the European Consensus on Development “Our World, Our Dignity, Our Future”.
